

## SINGTEL CIRCLE ELIGIBILITY TABLE (w.e.f 23 April 2026)

Singtel Circle brings your Postpaid Mobile, Fibre Broadband, and TV services together so you can enjoy more savings and benefits in one place.

Simply add eligible services under the same NRIC to unlock:

- 10% or 15% off your monthly services (depending on the number of eligible product categories), and/or
- A \$200 Annual Handset Upgrade Waiver (on 1 nominated Mobile line with an eligible phone plan)

### How it works:

- **Eligible services** help you qualify for or stay in Singtel Circle.
- **Discount-eligible services** receive the 10% or 15% discount. Most plans qualify, while some only count towards eligibility but do not get discounted.

Refer to the table below for the full list of services and their eligibility:
