

How to determine if you're using an ONT or ONR device.

Step 1:

Look at the device that is plugged into your fibre termination point as shown below.

Fibre Termination Point

ONT/ONR unit

Step 2:

Compare your ONT/ONR unit to the following device models to determine if it is an ONT or ONR unit.

ONT unit

ZTE ONT V6

Ericsson T063

ALU ONT (White)

ALU ONT (Black)

ZTE ONT V4

Please note that the newer version of the ZTE ONT is labelled Optical Network Router. However, this is not an ONR. This is an ONT.

ONR unit

Huawei ONR (HG8244H)

Huawei ONR (HG8240T5)

Nokia G240G-E
