For details, refer to www.singtel.com.

Eligibility:

The Customised Scheme will be offered to any similarly situated customer and their associated companies who satisfies the following criteria:

- a) currently has or is willing to subscribe to the following minimum volume of circuits, failing which the circuits will revert to the prevailing list price:
 - 100 BizVoice circuits;
 - 2,000 PhoneNet circuits;
 - 3 MetroEthernet Point-to-Point circuits of at least 20Mbps bandwidth;
 - 15 Meg@POP IPVPN EthernetLink circuits of at least 10Mbps bandwidth; and
- b) accept the terms and conditions of the Customised Scheme in its entirety

For avoidance of doubt, circuits subscribed by similarly situated customers and their associated companies can be combined to meet the minimum circuit requirements. For similarly situated customers who wish to take up the Customised Scheme and similarly include its associated companies, it must define the list of associated companies.
