The customised tariffs will be applicable to all new, renewed and upgraded circuits subscribed under the Customised Scheme.

(With effect from 30 September 2022) For the bundled mLink service with 5Gbps data pool, excess data charges will be charged at \$0.0014 per 100KB (in blocks of 100KB) with a data charge cap of \$300 per month.

Key Terms and Conditions

1. The contract term of the Customised Scheme is three (3) years, with an option to extend for another two (2) years.
2. The contract term of the services subscribed under the Customised Scheme will be as per the pricing table.
3. **(With effect from 3 May 2022)** The customer shall subscribe to the minimum quantity of circuits as per the pricing table above.
4. The customer shall be eligible for a waiver of relocation charge for up to 5 Meg@POP eLite circuits subscribed under the Customised Scheme.
5. The services offered under the Customised Scheme are subject to resource availability.
6. The customer shall not resell the services subscribed under the Customised Scheme.
7. No other discounts including, but not limited to, term and volume discounts, shall be applicable to the services subscribed under the Customised Scheme.
8. Circuits subscribed under the Customised Scheme will continue at customised prices after the expiry of the circuit contract term.
9. All other standard prices, terms and conditions of SingTel Meg@POP service shall remain applicable.

Suspension and Termination Provisions:

If the customer terminates the services subscribed under the Customised Scheme before the end of the contract term, the customer will be liable for a premature termination charge (**PTC**) of 100% of the remaining contract term, except in situations where the termination of service arises from the customer being unable to continue occupying the premise due to the end of the building lease or renovation, the PTC for up to 5 Meg@POP eLite circuits will be waived under these circumstances, subject to the circuits having fulfilled at least 18 months of their circuit contract.

(With effect from 30 September 2022)

(With effect from 3 May 2022) Notwithstanding the above, if the customer migrates any Meg@POP IPVPN eLite bundled with mLink circuits to Meg@POP IPVPN eLite with Exchange Diversity circuits under the Customised Scheme, the customer is eligible for a waiver of PTC for the existing Meg@POP eLite bundled with mLink circuits under the Customised Scheme.
