## **Key Terms and Conditions**

1. For any services required after the expiry of the renewal terms, SingTel and the customer shall renegotiate the agreement prior to the expiry date.
2. The customer may only resell the services subscribed under the Customised Scheme to the government agencies listed in the Standard Operating Environment (SOE) tender.
3. The customer is required to maintain a minimum annual spend of \$8M on the services subscribed under the Customised Scheme for the duration of the initial and renewal contract terms.
4. The customer is required to maintain the following minimum volumes for the duration of the initial and renewal contract terms:
  - (a) 800 x Meg@POP EthernetLink circuits (standard and/or enhanced) with bandwidths of at least 2M;
  - (b) 4 x Meg@POP EthernetLink circuits (standard and/or enhanced) with bandwidths of at least 200M; and
  - (c) 2 x 1.25Gbps GigE GigawaveLite.
5. In the event that the customer fails to meet the revenue and volume commitments, the customised prices will revert to list prices on a yearly basis. The customer's revenue and volume will be reviewed at the end of the following year and if the customer has met both commitments, the list prices will revert to the customised prices.
6. All other terms and conditions of the SingTel Meg@POP, MetroEthernet and GigawaveLite services shall apply.

## **Suspension and Termination Provisions**

In the event that the customer terminates the Customised Scheme prior to the end of the 5-year contract term, the customer will be subject to premature termination charges for the circuits that it was subscribing to at the point of termination. The premature termination charge for an individual circuit is 100% of the remaining contract term. The monthly recurring charge for each service will depend on whether the customer is paying the customised price or the list price at the point of termination.

## **Eligibility**

The Customised Scheme will be offered to any customer who meets the following qualifying criteria:

- wins the SOE tender;
- has maintained a good payment history with SingTel; and
- accepts the terms and conditions of the Customised Scheme in its entirety.
