Effective Date: 19 May 2010

Name of Service: SingTel GigawaveLite Service. *For additional details, refer to www.singtel.com under "Business Customers"*

Description: Customised GigawaveLite Service Scheme (**Customised Scheme**)

Prices (including discounts):

Service	Monthly Recurring Charge	One-Time Charge
2 x 1.25Gbps GigawaveLite Gigabit Ethernet Unprotected	$6,500 per link	Waived
1 x 1.25Gbps GigawaveLite Gigabit Ethernet Unprotected with Exchange Diversity		
4 x 1.25Gbps GigawaveLite Gigabit Ethernet Unprotected (temporary)		
3 x 1.25Gbps GigawaveLite Gigabit Ethernet Unprotected with Exchange Diversity (temporary)		

1. The customised prices are only applicable for the combination of links in the above table.
2. The minimum contract term for each permanent link is three (3) years.
3. The minimum contract term for each temporary link is three (3) months and the maximum is six (6) months.

Terms and Conditions:

1. In the event any of the temporary links is not terminated by the 6th month, the link(s) will be converted to a permanent link on a 3-year contract. For the avoidance of doubt, the contract term will start from the link activation date i.e. the date the temporary link is activated.
2. One (1) end of each temporary link must be at the same address as any of the permanent links.
3. One (1) end of at least two (2) permanent links must be at the same address.
4. There shall be no auto-renewal for the Customised Scheme.
5. All services offered under the Customised Scheme are subject to resource availability.
6. All other terms and conditions of the SingTel GigawaveLite service shall apply.

Suspension and Termination Provisions:

refer to www.singtel.com under "Business Customers"

Eligibility:

The Customised Scheme will be offered to any customer who satisfies the following criteria:

- currently has or is willing to commit to at least $1M on SingTel services;
- accepts the terms and conditions of the Customised Scheme in its entirety; and
- subscribes to the ten (10) circuits listed in the table above in a single application.
